One of the oldest and stundiest of American companies, its growth has been as rapid as: it has been solid. Its total assets are \$33,003,000 and over, and more than \$3,000 people are insured. Its surplus on the 2 per cent, standarl is more than \$5,000,000. In these days of extravagant management it is pleasant to note a severe standard of conservatism and ecanomy rigidity adhered to. Standard Goods at Popular Prices !

The "Harris" Cassimeres are known all over the United States as strictly first-class goods, both as regards style and durability.

A fortunate purchase of some entire lines of these goods at the mills in spring weights enables us to make them up to order at prices never known in Washington before. Our assortment is large and varied. Some are in quiet patterns, some in checks and plaids, and still others in stripes.

The goods go into our custom department on Wednesday, Feb. 23, and we mark them-\$22.50 for Suits, and \$6 for Pants. We cut them in the latest and most popular styles, and

guarantee good fits, Last winter we had very large sales in a line of rough, wire-twist Cheviots in checks, plaids, and homespun weaves. We have a fine line of these goods in spring styles that we are making to order at \$20 for suits and \$5 for pants. This make of goods gave our customers universal satis-

faction in winter weights, and we don't think a better suit was ever sold in Washington at this price. Come and see them, or send for samples. Directions for measuring sent to customers out of the city.
